NOTES AND PRECIS.

Dy.No.4918. S.N.10. (C.P.14).

(7) The facts of this case are as follows:-

S.N.1/C.P.1 166-34.

In May 1934 the Postmaster-General, Madras Circle, asked u whether the building opposite the Bangalore Cantonment Railway Station (which was formerly used as quarters by on of the Assistant Postmasters of the Bangalore Head Office) would be required for the use of any of the departments of the Central Government. The Collector, C and M Station, Bangalore suggested that the building might be purchased for the use of the members of the staff of the Government Veterinary Hospital, Civil and Military Station, Bangalore. The Director General of Posts and Telegraphs intimated that the amount of compensation recoverable from the Govt. Veterinary Hospital, Civil and Military Station, Bangalore for the building would be Rs.3,404/-. The Municipal Executive Engineer states that the market value of the building and site is at least Rs.5,000/- and strongly recommends taking them over at the value fixed by the Postal Department, viz, Rs.3,404/-. No provision has been made for the purpose in the Current year's Mysore Assigned Tract budget. Therefore the expenditure has to be met either by re-appropriation or by obtaining additional grant from the Government of India.

S.N.13/C.P.12-13 338-35.

S.N.5/C.P.5 338-35.

C.P.10-11

(8) In S.N.9/338-1935 the Municipal Executive Engineer suggests that the building to be purchased may be given for occupation by the Assistant to the Veterinary Superintendent and the quarters at present occupied by him let out to the clerk of the Hospital for the usual rent.

(9) In Memorandum No.F.240-A/30, dated the 25th January 1932, the Governor-General in Council was pleased to re-affirm the concession of rent-free quarters in respect of the Superintendent, the Assistant and the Compunder of the Veterinary Hospital, Bangalore. The concession was not

S.N.21 1927.

not given to the Clerk of the hospital. If he occupies any of the vacant building in the Hospital he has to pay rent not exceeding 10 % of his pay.

(10)

If approved the Postmaster-General, Madras may be informed that the Hon'ble the Resident is prepared to take over the building for the use of the Govt. Veterinary Hospital on payment of Rs.3,404/- or any less amount that may be fixed by him. The Government of India may also be asked to sanction an additional grant of Rs.3,404/-, as the amount cannot be met by re-appropriation in the current year. Alternatively the Government of India may be asked to permit us to debit the cost of the building to the accumulated Assigned Tract share of surplus revenues in the pro-forma account for 1934-35.

Submitted for orders.

(11)

This case has been under consideration for the past year. It is generally agreed that we should take over the house from the Postal Department.

We have no funds from which we can pay. We will therefore have to approach Government to give us the funds or to allow us to adjust the cost in the pro-forma account of 1934-35. If this is approved the necessary drafts will be put up.

7.6.35

I doubt whether we have sufficient materials on the file to put up a case. The fact that the market value of the building is estimated at Rs.5,000/- at least, while we are being offered it at Rs.3,400/- or less, is not sufficient. We shall have to show to the Government of India that there is a real necessity for the provision of extra quarters for the staff of the Veterinary Hospital; and I think that we shall have to ask Collector to give us the necessary material for this. If he can give us convincing proof of the necessity for additional quarters, the necessary drafts to Government of India may be prepared and submitted.

With reference to the correspondence ending with your letter No.F.166/34/R.O.II, dated the 15th August, 1934, I have the honour to state that the Director-General of Posts and Telegraphs intimates that the amount of compensation recoverable from the Government Veterinary Hospital, C & M Station, Bangalore, for the building, will be the original value of the property plus additions minus depreciation at rates fixed by the Government of India in respect of buildings. The original value of the property is Rs.5113/- and the cost of subsequent additions made in 1929, Rs.946/- in all -- Rs.6059/-. The amount on account of depreciation which will be deducted from the sum of Rs.6059/- is being worked out in the Audit office and will be communicated to you later. In the meanwhile, I shall be obliged if you will kindly let me know whether the Government Veterinary Hospital would be prepared to take over the building on the above terms.

Quarters to the clerk of the Veterinary Hospital.

--

With reference to your endorsement No.1333-A-35, dated the 14th March 1935, I have the honour to state that the question of providing quarters to the Clerk of the Veterinary Hospital has been under correspondence since 1933. In reply to the proposal contained in my letter No.V.618/33, dated 2-8-1933, the Collector was pleased to state that the proposal in question should be held over and included in the budget for 1935-36. This could not however be made as the question of acquiring the Assistant Postmaster's quarters was under correspondence and the exact cost was not known at the time the draft budget for 1935-36 was submitted.

As in the case of the executive staff of the hospital, the Clerk has also to work on all days including holidays. His working hours are also such that it is necessary that he should live close to the hospital. As it is difficult for the clerk to get suitable houses in the vicinity of the hospital premises, it is desirable that he should be provided with quarters. I am however of opinion that as the services of the clerk will not be required during nights, he need not be given quarters free, but may be subjected to the usual house rent of 10 per cent of pay.

As the Assistant Postmaster's quarters are situated close to the hospital and as it has been offered by the Postal Department for a comparatively cheap price, I strongly recommend that it may be purchased by Government. I feel that the price at which the building has been offered is very low: the mere acquisition of a site near the hospital premises would cost at least Rs.1,500/-, and even a smaller building would cost much more than Rs.2,000/-. It is therefore desirably advantageous for the Government to purchase the building.

(11)

As I have already stated in my letter No.V.577/34, dated 9-7-1934, the building when acquired may be given over to the Veterinary Assistant and the house now occupied by him be allotted to the clerk.

As the financial year is closing, it is too late to think of acquiring the building before 31st March 1935. The Executive Engineer may be consulted as to whether he cannot make the necessary funds available in the budget for 1935-36, re-appropriation being applied for later in the year if necessary.

Collector.

I think it (is) advisable to rent the building out to the clerk of the Hospital taking into consideration the capital to be invested thereon and the low yield of rent we will have and suggest that the building to be purchased may be given for occupation by the Asst. to the Veterinary Superintendent and the quarters at present occupied by him let out to the clerk.

I have already stated the necessity of providing quarters to the Clerk in my letter No.V.155/35, dated 20th March 1935. However I wish to add that in Bangalore the incidence of cases of rabies is very much higher than what it is elsewhere and the brains of the affected dogs are constantly sent to Coonoor either by post or by rail, for which purpose, the presence of the clerk in or near the premises of the Hospital is very necessary as the imprest cash and postage stamps remain in his custody. Otherwise the matter will have to be delayed till the next morning keeping the bitten persons under suspense. While brains are despatched, letter will have to be addressed giving particulars to the Pasteur Institute, Coonoor. Further the presence of the clerk on the spot will tend to the utility of the hospital at all hours in respect of admission and discharge of patients. I still consider that the purchase of th building is a necessity and not a luxury.

1) The Postmaster General, Madras Circle, stated in his letter No.B.B-75/4 dated 3-9-1935 that the building was no longer required by his Department nor by any of the Departments of the Central Government at Bangalore or by the Local Government and requested me to take necessary action for effecting a sale by public auction of the building and the site on which it stands.

2) On enquiry I find that the building is not required even by the Station Municipal Commission.

3) Just as arrangements had been made to bring the property to sale, Mr. M.R.Chengeri, the Veterinary Superintendent, put in an application offering Rs.3404/-, the value proposed for book adjustment between the Postal Department and the Local Government vide copy enclosed.

4) My own view is, first that the book value can be adopted only for purpose of transfer to another Department of Government and cannot be taken advantage of by a private individual and, second, that if Mr. Chengeri wants the building he should bid at the auction with the previous permission of the

I am given to understand that the building which has been long used as the Assistant Post Master's quarters near the Cantonment Railway Station is shortly to be disposed off at an upset price to any Government servant who wishes to buy it. Hence I am an applicant for the house and would like to go in for it.

I am at present living in the Quarters attached to the Govt. Veterinary Hospital and I have put in a continuous service of 24 years in this station and would be very grateful if I could secure this building for me to settle down after retirement. I may also mention that a small building like that would be suitable for me if it should suit my purse. I had often applied for sites in the station in the past but I have not been able to get one.

It may be in the recollection of the Collector that this building was proposed by me to be acquired for the use of the Veterinary Hospital but it was subsequently dropped by Government. I am therefore taking this liberty of making the application and I am prepared to pay the price equal to the value proposed for book adjustment between the Postal Department and the local Govt. here; namely Rs.3404/- vide letter from the Post-Master General, Madras No.BB.75/4 dated 6th March 1935. I may also add that as the sale to me would be a private one, charges if any incurred for the sale and conveyance of the house will be defrayed by me.

From The Secretary to the Resident.

To

The Collector,
C and M Station, Bangalore.

Subject:- Disposal of the ~~building~~ postal building opposite the Cantonment Railway Station.

Sir,

With reference to your letter No.4887-D.35, dated the 28th Novr. 1935, I am directed to say that as the building is not required for a public purpose, it can under the rules be disposed of only by sale at full market value. There is, however, no objection to Mr.Chengeri purchasing the property in public auction.
